HUMANE SOCIETY READY FOR WORK

Thomas Sanders is Elected to Special Office.

Will Have Police Power to Arrest Persons Guilty of Cruelty to Animals.

CO-OPERATION OF CITIZENS

Thomas Sanders was last night made special officer for the Paducah Humane society and will enter into the duties of the office at once.

The society recently organized and intends to prosecute all cases of cruelty to animals. Mr. Sanders will investigate all cases reported to him or the society and will in turn report to the attorney for the society, Mr. H. S. Corbett. If the evidence is deemed strong enough the attorney will institute a vigorous prosecution.

Members of the society will take it as a favor from all who report any case of cruelty to it, either to members or the special agent.

DRIVEN FROM PULPIT.

Indiana Minister Calls Bible "Dead Letter" and is Attacked.

Nashville, Ind., May 23.—A religious meeting in the church on Lucas Ridge, south of this city, came to an end suddenly last night when Rev. George Porter was egged from his pulpit and pursued for more than a mile by angry members of the congregation because he declared that "the Bible is a dead letter." Several eggs hit the minister and his pulpit was much splattered before he decided on retreat.

WHOLE TOWN IS TO BE MOVED.

Railroad Company Will Transplant Village With Its Station.

St. Paul, May 23.—The entire town of Winnipeg Junction is to be moved a mile across the prairie by the Northern Pacific railway company. The 200 villagers protested when they learned that the company had decided to move the station, and to avoid trouble the railway officials agreed to move every building and furnish new lots for the old ones free of charge.

ASKS \$261 FOR TREATING DOG.

Veterinarian Demands High Fee for Restoring Pet's Health.

Milwaukee, May 23.—George P. Miller was sued today for \$261.09 by "Doc" Redd, a negro dog doctor, who asserts he spent 186 days in restoring Mr. Miller's St. Bernard to health. Miller refuses to pay because, he says, Redd lost another of his dogs. Redd claims this was a "no account pup" and says he replaced it with one of his own worth more.

DUEL TO DEATH.

Stamford Texas May 23.—Henry Boyd rode to the home of Lewis Carmel last evening and was met at the gate by Carmel. Both began shooting. The first shot fired by Carmel took effect in Boyd's breast. Boyd fired at Carmel, after being hit, without effect. Boyd died in a few minutes.

Lumber Yard Destroyed.

Terre Haute, Ind., May 23.—The Reese-Snyder lumber yard, located in the heart of the city, suffered a loss of about \$100,000 by fire early this morning. The plant practically was destroyed. Millions of shingles were burned.

People After Council.

Maysville, Ky., May 23.—The council last night turned down a proposition to grant a franchise to supply the city with natural gas for 30 cents a thousand. People are talking of a mass meeting to demand that the council grant the franchise.

Continuous Racing Will Promote Pauperism and Crime in Cities.

Louisville, Ky., May 23.—Attorneys representing the Kentucky Racing commission filed in the federal court an answer to the petition of the Douglass Park Jockey club of Louisville for an injunction to prevent the commission from in any manner interfering with the proposed race meeting at Douglass Park.

The answer says in part: "They (the racing commissioners) say that no community of the size of the city of Louisville and its environs, and no place in Kentucky, can afford or will patronize continuous racing. The defendants further say that the giving or holding of continuous racing in any community circumstances

The circulation of The Sun for the month of April was 4,018, a day average. Business instinct tells you that it is the paper that tells its circulation daily that merits your confidence.

VOLIVA COLONY MAY MOVE TO CANADA IF HE LOSES

Chicago, Ill., May 23.—Plans are being laid by Wilbur Glenn Voliva and his followers for a new Zion, which will be established if the United States court and the state court interfere seriously with the present status of the Zion City community. The rapidly developing agricultural district of Western Canada is suggested as a good point for the location of the community.

Shot Father.

Hopkinsville, May 23.—Frank and Arthur Ogden have been arrested and are now in jail charged with malicious shooting with intent to kill in the shooting and wounding of their father, Frank Ogden, a colored man, about 70 years old.

MAY UNITE

INJUNCTION OF ANTI-UNIONISTS IS REFUSED.

The Cumberland and Presbyterian Churches Free to Act as Majority Sees Fit.

Decatur, Ill., May 23.—The legal contest instituted to prevent the union of the Cumberland and Presbyterian churches has been decided in favor of the unionists. Judge John last night made public his decision in which he refused to grant the injunction prayed for by the anti-unionists and dismissed the bill on a demurrer. Anti-unionists announced an appeal in the case probably to the supreme court of Illinois.

80,051,000 Ties.

The department of agriculture has issued statement showing the number of cross ties purchased by the steam railroads in this country in 1905. The number used on electric lines is not given. The aggregate trackage of the lines reporting is 278,262, or 95 per cent of the total steam mileage. The number of ties reported is 80,051,000, of which 36 per cent, or 23,569,000 were used for the construction of new track.

Scruggs Discharged.

Alben Scruggs, colored, of Fulton, charged with bootlegging was discharged by Armour Gardner, United States Commissioner.

Attorney James Campbell, Jr., and wife will leave tomorrow for Colorado Springs and during the absence of the city solicitor his father, Judge James Campbell, Sr., will act in his place. Solicitor Campbell is suffering from rheumatism.

JEFFERSON DAVIS' WIDOW HAS RELAPSE AND IS MUCH WORSE

New York, May 23.—The condition of Mrs. Jefferson Davis showed no improvement this morning and is considered grave. Late yesterday afternoon she had a relapse and her physicians again fear she will not survive the attack. Her daughter is here.

COUNCIL FAVORS BUILDING BRIDGE

People of Mechanicsburg Demanding Car Service

Matter Up to Board of Public Works But Something May Be Done Soon for People.

COMPANY WILLING TO GO AHEAD

The people of Mechanicsburg are anxious to know what is to be done with the proposed new bridge across Island creek at Fourth street, as the extension of the car lines to that part of the city depends on the erection of the bridge.

A Sun representative saw Councilman Barnett, chairman of the council public improvement committee, which has the matter in hand, together with Alderman Hank and the board of public works, and he said: "We made a report on the matter and turned it in to the board of public works last week, but the board, seemingly, is disposed to delay the matter for some reason."

"The people of Mechanicsburg want the bridge, and the street car company is willing and ready to bear its part of the expense and I believe the majority of the council boards is in favor of building it this year."

The matter will probably be taken up by the council at once and the proposition ordered taken up and pushed to completion this year. Some of the council are afraid the present structure will collapse some day, as it has been pronounced unsafe, and if such is the case, one accident would cost the city more than a new bridge.

Councilman Barnett and Alderman Hank are anxious to get the bridge built this year. Councilman Barnett is especially so because the Mechanicsburg people are looking to him to get it, with the street car extension, which would follow, for them, and from his expressions today he proposes to do all he can to get the proposition through.

Treaty With Mexico.

Secretary Root, for the United States, and Ambassador Casasus, for the Mexican government, today signed a treaty regulating the use of the waters of the Rio Grande which, if approved by the senate, will remove what has been for twenty years a source of friction.

CRACKSMEN

LOOT TWO POSTOFFICES ACROSS THE RIVER.

Tear Out Brick Wall and Wreck Building—Woman Held Off With Revolver.

Lexington, Ill., May 23.—The postoffice here was entered by burglars this morning. The safe and building were wrecked with two charges of nitro-glycerin. The robbers secured \$200 in stamps, and \$250 cash and escape. The postoffice was entered by tearing down a portion of a brick wall.

Six Armed Men.

Bunker Hill, Ind., May 23.—Six armed burglars blew open the postoffice safe this morning and secured \$500 in stamps and money. A woman and four children asleep in an adjoining room were aroused by the explosion. When they attempted to escape they were covered with revolvers.

ANARCHISTS

Planning to Hold International Congress in Baltimore.

Washington, May 23.—Warrant for the arrest of seven anarchists is soon to be issued in Baltimore looking toward their deportation to Italy. Commissioner General Sargent, of the bureau of immigration, was in Baltimore yesterday in consultation with the authorities. Baltimore is thought to be the headquarters of anarchists who are planning to hold an international congress this summer.

Boll Weevil in Louisiana.

Baton Rouge, La., May 23.—Capt. B. W. Marsten, member of the crop pest commission, reports the appearance of boll weevil on his Red river parish plantation May 18. This is two months earlier than last year.

Free Alcohol Bill.

Washington, May 23.—The senate finance committee today authorized a favorable report on the alcohol bill.

Mrs. C. L. Young, of McLeansboro, Ill., is visiting her brother, Dr. Frank Boyd, of North Fifth street.

NO AMNESTY FOR THE TERRORISTS

Douma, it is Believed, Will Accept Offer of Throne.

Revolutionists Ambush Cossacks at Pulaway and Bloody Battle Ensues.

LATEST NEWS FROM EUROPE.

St. Petersburg, May 23.—Political amnesty will be proclaimed May 27 the anniversary of the coronation of Emperor Nicholas II. The exact scope is not yet determined. It will be limited, but the constitutional Democratic party is prepared, though Vienna, May 23.—Belmont Storer, grudgingly, to accept an act of grace from which the terrorists are excluded, recognizing though not publicly, that the government is not altogether unjustified in refusing to set at large men who will be as ready in the future, as they have been in the past, to shoot down or blow to pieces the hated representatives of authority.

Ambush Cossack Patrol.

Warsaw, May 23.—News of a conflict between a band of revolutionists and a Cossack patrol at Pulaway has been received. The revolutionists ambushed the Cossacks, firing on the soldiers with revolvers. One Cossack was wounded. The Cossacks charged the revolutionaries with swords, killing two and wounding two. Two revolutionists have been arrested.

Solsky Resigns.

St. Petersburg, May 23.—Count Solsky, president of the council of the empire, has resigned. Ill health is given as the reason.

NEW DISTRICT

CREATED BY CUMBERLAND TELEPHONE COMPANY.

Paducah Will Be Headquarters, and Manager Joynes Will Be in Charge.

Mr. A. L. Joynes, general manager of the Paducah exchange of the Cumberland Telephone company, has received a promotion in recognition of thirteen years of faithful service, and will hereafter be the general manager of a new and distinct district beginning with the Princeton, Ky., exchange and running to the Mississippi river. Mr. Joynes received notification of his promotion this morning in a letter from General Manager Leland Hume of Nashville, and is appreciative of the act.

The new district takes in all Western Kentucky. It includes the Princeton, Eddyville, Kutawa, Paducah, Mayfield, Fulton, Bardwell, Wickliffe, Hickman and Clinton exchanges of this company, a large territory to manage. Mr. Joynes will make Paducah his headquarters.

The popular district manager came to Paducah in 1893 and assumed the management of the local exchange. His efforts to make the company first-class in this end of the state succeeded and his ability was not slow in being recognized. His many friends here will be pleased to learn of his deserved promotion.

Fairbanks, Alaska, Burned.

Washington, May 23.—Assistant Secretary of the Treasury Taylor, who last summer visited Fairbanks, Alaska, reported destroyed by fire, says the winter population of the city is about 3,000. In summer when operations are more active the miners flock in from the surrounding districts and the population frequently grows to 10,000. Fairbanks is the center of the Tanana mining region. It is the largest town in North Alaska.

Voliva Enjoined.

Chicago, May 23.—Judge Landis today, in the United States district court, issued an order restraining Wilbur G. Voliva and all of his associates, agents and employees from disposing of in any manner dissipating the assets of the estate of Zion City.

THE WEATHER.
Generally fair except possibly occasional local thunder storms tonight or Thursday. The maximum temperature Tuesday was 84 and the minimum this morning 67. The wind is from the South making it appear warmer than the temperature shows.

GRAVES WILL REPRESENT ROOSEVELT AT CORONATION

Washington, May 23.—Charles H. Graves, American minister to both Sweden and Norway, until different provision is made through the enactment of the pending diplomatic and consular appropriation bill, has been selected to represent the president as a special envoy at the coronation of King Haakon of Norway at Christiania, June 28.

OLD NEGRO WOMAN

GETS PRACTICALLY ALL OF MAJ. THOMAS' ESTATE.

By Codicil Written Last January Several Minor Bequests Are Made.

Lexington, Ky., May 23.—By his will, which will be offered for probate in a few days, Maj. Barak G. Thomas, the famous breeder and turfman, who died here last week, left practically all of his property, valued at about \$50,000, to his old colored housekeeper, Margaret Pryor, generally known to all of his friends as "Aunt Margaret."

Court Marshal Commander.

Washington, May 23.—The navy department has ordered a court marshal of Captain Perry Carst, of the United States navy, commander of the battleship Rhode Island, on account of the recent grounding of vessel at the mouth of York river. The court will meet next Monday morning. The Rhode Island is at Hampton roads.

DISTURBANCE.

Quelled By Constable Shelton But Man Escapes.

Constable A. C. Shelton was called from his home in Mechanicsburg last night to the residence of Mrs. Ford, on Ashbrook avenue, to quell a disturbance between Ford and his wife. Ford slipped away from the officer and it still at large. Constable Shelton stated that he would secure a warrant against Ford today, and summon the wife to testify. Mr. and Mrs. Ford separated two days ago, and it is said the husband returned and started the disturbance. The wife telephoned for protection, not desiring to have her husband prosecuted, but Constable Shelton is determined to see the case through.

Mussel Digger Finds Pearl.

Evansville, Ind., May 23.—George Catt, a mussel digger in White river at Hazelton, found a pearl today, valued at \$1,000.

NORWEGIAN POET AND DRAMATIST HENRIK IBSEN PASSES AWAY

Christiania, Norway, May 23.—Henrik Ibsen, the great Norwegian poet and dramatist died this afternoon, aged 78 years. Ibsen was the head of a distinct cult and was considered without a peer in the modern school of intellectual drama.

Census Enumerators Discouraged By Evidences of Race Suicide.

Chicago, May 23.—Census takers for the school board assigned to Lake Shore Drive and Kenwood precincts have given up their positions. So did those who have walked all day along Calumet, Prairie and Michigan avenues ringing door bells and trying to locate minors. Forty enumerators handed their resignations to Secretary Larsen after they had spent a day scouring the "race suicide" districts in the effort to find a dinner's worth of children. The census takers are paid at the rate of 1 cent a name for all children located. Every enumerator wanted to be assigned to the Ghetto, and forty of those who were

BUSHEL OF MAIL ON MAYOR'S DESK

Gives Returned Official No Time to Look Around.

Tax Bills Completed by City Clerk Bailey and His Assistant Today.

THE AYER-LORD COMPANY WINS

Mayor D. A. Yeiser returned with his wife from French Lick Springs, Ind., last evening at 6:05 o'clock, and is in much better health. Mayor Yeiser enjoyed his vacation immensely and while he does not exactly "feel himself again," is in fairly good health and ready to dive into the work again with renewed vigor.

During his absence the office of mayor was ably filled by President O. B. Starks of the Board of Aldermen and the latter was highly complimented on his successful administration.

Mayor Yeiser's return was hastened by the contemplated departure of Solicitor James Campbell and wife to the west. Mayor Yeiser wanted to be here when his daughter left.

Mayor Yeiser found several bushels of mail awaiting his attention and he had no opportunity even to study the beauties of the rejuvenated city hall.

Tax Bills Ready.

Today Henry Bailey, city clerk, and his assistant, Henry Enders, complete making up the June tax bills, which will be turned over to Auditor Kirkland for revision. He will give the books to Treasurer J. J. Dorian, June 1, at which time the taxes are due. Mr. Bailey and Mr. Enders will commence copying the June bills onto the December bills this week and will complete the task in a few days. That will terminate Mr. Enders' official duties. The penalty for tax delinquencies goes into effect July 1. A special effort will be made by Treasurer Dorian to get the taxes in early this year.

Ayer Lord Company Wins.

The tax suit brought by Frank Lucas, state revenue agent, against the Ayer-Lord Tax company to collect personality taxes for the boats of the company, was decided by the United States supreme court in favor of the company. Both the county and circuit courts upheld the contention of the company that its property, on which it pays taxes in Illinois, can not be assessed in Kentucky, but the court of appeals reversed the lower courts. Then the defendant went into the federal courts and won. All the company's boats and barges are registered at Evansville, Ind., giving that city a fine showing for tonnage, and belittling Paducah's interests to that extent, although the boat's work out of this harbor and their crews live here. The city assessment against the company last year was \$649.35 and this year \$579.15.

Street Signs Up.

Street Inspector Alton Elliott this morning finished putting up street signs and the city is now supplied with signs from First to Ninth and Clay to Norton street. There is a total of 460 signs within this boundary, four signs to each corner.

New Grader Arrives.

The new city street grader has arrived and will be put into service at once. The machine was set up today and is in the shed in the rear of Street Inspector Elliott's office. The old machine has been sold.

\$10,000 for Growers.

Hopkinsville, Ky., May 23.—The warehousemen of the dark tobacco district have received checks aggregating nearly \$10,000 from the officers of the Dark Tobacco Planters' Protective Association, which amount will be distributed at once among the farmers whose tobacco was included in the sale of 5,000 hogsheds made last winter to the Italian government.

given fashionable precincts gave up the work as bad and unprofitable. Fifteen enumerators who had been assigned to the fashionable wards announced they had found permanent positions; a half dozen found themselves suddenly overcome by illness, one had to go home and look after the baby and several were discharged for incompetency.

At a late hour it was reported that all of the enumerators who had been assigned to the Ghetto were still at work.

So were those who had been sent into the stock yards district and into the communities around the settlement houses.

Yesterday's Results.

Danville, 17; Paducah, 0.
Vincennes, 5; Mattoon, 2.
Jacksonville, 4; Cairo, 3.

Today's Schedule.

Paducah at Danville.
Cairo at Jacksonville.
Mattoon at Vincennes.

Danville, May 23.—The locals administered the worst defeat of the season to the Indians yesterday in a one-sided game, the score being 17 to 0. The visitors were unable to hit Fleming, the juvenile, while Tadlock and Lloyd, who pitched for the Indians, were easily found. It seemed that Danville had a hitting streak on, and nothing could stop the team from the hitting spasm.

The score: R H E
Danville 17 15 0
Paducah 0 2 5
Batteries—Fleming and Queisser; Tadlock, Lloyd and Nippert.

Vincennes Wins.

Vincennes, Ind., May 23.—Mattoon met defeat again at the hands of the locals by a score of 5 to 2. Vincennes made many bobbles, but the game was never in doubt.

The score: R H E
Vincennes 5 7 6
Mattoon 2 6 3
Batteries—Purdue and Matteson, Dowell and Schissel.

Bunched Their Hits.

Jacksonville, Ill., May 23.—The Tadpoles lost to the locals yesterday by score of 4 to 5. The locals did not hit so well as Cairo but bunched what hits they did get.

The score: R H E
Jacksonville 4 7 2
Cairo 5 12 2
Batteries—Allen and Belt; Hatch and Searies.

Wiley Platt's Feat.

Wiley Platt relieved Kinsella in the sixth inning at Toledo Sunday and won his game. He allowed but two hits in four innings. Wiley did some sticking, too. He got a single and double and made one run. The Toledo boys won by a score of 10 to 8 from Louisville Sunday, but the victory was battered out after Platt went in. Land caught, got one hit and made two clinkers.

Dr. Pierce's Favorite Prescription,

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine of known composition, a full list of all its ingredients being printed in plain English on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol and that too in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y. Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements at once. They are free for the asking.

If you suffer from periodical headache, backache, dizziness, pain or dragging down sensation low down in the abdomen, weak back, have disagreeable and weakening, catarrhal, pelvic drain, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription. Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.

POOR FARM

WORK DELAYED UNTIL A WELL CAN BE DRILLED.

Site of House Depends On Location of Water Supply and Officials Are After Man.

The county wants a well drilled and necessarily will have to delay the preliminaries to building the new county poor farm until one has been procured and a well drilled on the property.

"We want a man we know can bore a well successfully," Justice Charles Emery, one of the poor farm committee, stated this morning, "and until we can get one, and the well drilled, will have to delay active building operations on the poor farm. It may have some effect on the site of the poor house."

"It may be that we will have to build a second well. We will install a laundry, private steam heating plant and other modern conveniences in the poor farm and this all requires water. If the well can not furnish enough, we will have to bore two. It is possible that the well will have to be 200 or more feet in this particular locality."

WEALTHY PAY TAX ON LITTLE.

Assessor Finds Cleveland Suburb, Home of Millionaires, Almost Bare.

Cleveland, May 23.—In Bratenahl, a suburb where only 65 persons, all millionaires, own property, the assessor found only \$48,360 worth of personalty to tax. There is not a resident worth less than \$1,500,000, and every one is interested in Cleveland's largest concerns. Among the collection of articles in the village is a \$5 watch owned by Abraham Garfield; a \$5 carriage, a \$5 watch and a \$10 piano owned by A. S. Ingalls; three \$5 watches owned by P. P. Sanford, and three \$25 horses owned by Charles H. Coit. Only four persons in the village have money invested in stocks or otherwise, so they say. Millionaire L. E. Holden was found to have personal property worth \$3,900. He owns a newspaper, silver mines and a \$2,000,000 hotel.

Police Court.

Lee Williams, colored, was held in police court under a \$200 bond on the charge of maliciously striking Will Holden, colored, with a large iron bar. He stated that he had heard Holden talk about fixing him and thought Holden meant trouble when he came upon him. This is the reason he gave for using the weapon which weighed about 25 pounds. Holden's condition has been serious since the assault and today was the first day he was able to be out. He was struck in the forehead.

Thos. McMorris was fined \$20 and costs, and \$10 and costs in two cases of breaches of the peace. He was fined in the first for mistreating his wife, and in the latter for resisting officers.

Jessie Fagan and Rexie Raper were dismissed on the charge of disturbing public worship at the East Baptist church in Mechanicsburg, but were recognized in the sum of \$200 for their good behavior in the future.

Other cases: English Pittman, colored, petty larceny, dismissed; Kate Beasley, colored, breach of the peace, \$5 and costs.

Gus Coulter Better.

The condition of Hon. Gus Coulter at Mayfield today is reported better. His physician noted a decided improvement from yesterday. The patient passed a quiet night.

If a man refuses to set the example he is foolish if he expects the world to have a good opinion of him.

SETTING PLANTS AROUND STATION

Chief Gardener of I. C. Will Not Remove Fence.

Water Valley Sunday School Excursion Goes to Dawson Springs On Special Train.

BIG WHARF AT NEW ORLEANS

Mr. William Keller, chief gardener for the Louisville division of the Illinois Central is in the city today setting out plants and flowers in the depot lawn. Mr. Keller stated that he did not think the road would consent to removing the fence from about the park because the public would not keep off the grass or refrain from plucking the flowers. Since the cow ordinance went into effect cows have been scarce about the depot, and for the sake of beautifying the lawn further, it was suggested that the fence be removed.

Sunday School Outing.

A special train running as the second section of the morning Fulton-Louisville accommodation train, No. 122, passed through Paducah at 7:55 o'clock this morning en route to Dawson Springs. It carried Sunday school pupils from the Baptist church in Water Valley, Ky., and was made up of seven coaches and one baggage car. Every car, even to the baggage car, was filled with excursionists.

The crowd will enjoy a picnic at Dawson today, returning early in the evening. It is an annual picnic given by this church and among those who attended are Mrs. W. L. Williams, of Krebs, and family. Mrs. Williams was formerly of Paducah and the mother of Miss Grace Williams, who is telegraph operator for the Illinois Central, at Krebs, one of the few women operators in this end of the state.

Big Wharf.

The Illinois Central has the best of everything as can be seen by the giant wharf which has just been completed in New Orleans.

The wharf is 3500 feet long and is divided into sections of 500 feet each by heavy fire walls. The width of the wharf varies from 132 to 152 feet. The roof construction is principally of steel. There are also two freight-houses, one 1,000 feet long and another 1,200 feet long, each being 100 feet wide, and there is a cotton warehouse well-nigh half a mile long, its exact length being 2,391 feet and its width from 100 to 160 feet. Fire-proof construction distinguishes all these buildings.

Ingram Funeral Tomorrow.

The funeral of Milton Henry Ingram, who suicided yesterday morning in a fit of despondency at his home, Trimble and Fifth streets, has been postponed until tomorrow morning, at 9 o'clock awaiting the arrival of a brother, Mr. Owen Ingram, from St. Louis. The funeral will be held from the residence, interment at Mt. Kenton cemetery in the county. The pall bearers have not all been selected, but four will be from friends of the deceased and two from the Odd Fellows' lodge. The four already selected are Messrs. George Rawlough, Dudley A. Meacham, John Dean and Richard Holland.

Sale of Questions.

Developments at Richmond yesterday showed that copies of the questions asked at examinations for school teachers' certificates have been sold in many counties in Kentucky. Noland Cox, who is alleged to have sold the questions, was arrested.

TENNIS CLUB

HOLDS ATTENTION OF HIGH SCHOOL PUPILS AND FACULTY

Orchestra in Excellent Condition for Commencement Week—Alumni Plans.

The tennis tournament at the Paducah High school has started and the first single contest is now being played. The first singles are being played by William Bell and Edwin Randle and Robert Hailey and Lorenzo Emery. They were started yesterday afternoon and will be finished this afternoon.

There are several dozen entered in these contests and it will require more than two weeks playing to end the tournament. The games are well attended, and the faculty is taking a lively interest in the work.

School Orchestra.

This morning the opening feature of the High school was a program rendered by the High school orchestra. The orchestra is rapidly improving and will prove an interesting feature of the class day exercises the last week of school.

Needless Suffering

In young girls, is too often caused by the mothers' lack of knowledge of proper treatment at that time. "Mamma was almost crazy, to think of my sickness," writes Miss Hazel Upson, of 130 S. Fifth Street, De Kalb, Ill. "The best doctor in De Kalb gave me up and said I could not get well. I had been sick with a fever and never got over it, but

brought me around all right. Before taking Cardui I had been out of order for six months, was weak, pale, wan and thin and hardly able to get around. A lady friend recommended Cardui and mamma got me a bottle, though she had very little hopes of its helping me, but praise God I had taken just three bottles when I was relieved and began to get well right off. Now I am feeling well. Mamma wants me to send you my picture to let you see how fat I am getting. Mamma and I are so thankful for the Wine of Cardui, and I will do all I can to let every suffering person know how much it has done for me." Cardui is a harmless vegetable medicine for women and girls, with a specific strengthening curative effect upon the female organs. For over half a century it has been in successful use and in that long trial has proved itself a safe, reliable remedy, for young and old. Try it.

BOY CONFESSES TO SNATCHING PURSES

Police Confident They Have
Youths Guilty of Crime.

Detective Moore Sweats Information
Out of Lad Arrested On Tip
From His Partner.

TWO CHARGES AGAINST THEM

Bartley Turley, of 1520 South Tenth street and Dennis Rowley, of 1123 South Ninth street, negro boys under 15 years old, are said to be the two responsible for the purse snatching going on for several days, and will be tried this week for the alleged crimes. One boy confessed after a "sweating" by Detective Moore, who worked the case up privately, and it is thought little trouble will be experienced in making a strong case out against the two.

Turley snatched a pair of shoes from the Klein shops on lower Broadway and was convicted and given 60 days in jail for this. He told Chief Collins that he had a partner, Dennis Rowley, and Detective Moore took the latter in hand.

The negro confessed to being with Turley when the latter snatched Mrs. Flowers' pocketbook last week, and later was with him when he snatched Mrs. Hazelbauer's purse on Madison street Sunday night.

The Rowley boy claims he did nothing more than merely look on.

New Austrian Drug Cures Asthma
and Stops Distress From
Hay Fever.

Vienna, May 22.—Late official reports of medical savants now concur in the united statement that ascatco, the new Austrian drug, permanently cures asthma and abates completely all suffering from hay fever and June cold in any climate or country.

The small dose, seven drops, causes no derangement of stomach which was the difficulty scientists sought to overcome in former researches. The Austrian dispensary, now located permanently at 32 West 25th street, New York City, is supplying ascatco by mail, free of any cost, to all sufferers who write them.

LAIRD OF SKIBO IN ON REBATE

Pennsylvania Official Gives
Andy the Lie.

Says He Figured in the Practice to
the Extent of \$10,000,000
Annually.

MUST ANSWER THE QUESTIONS.

Philadelphia, May 23.—Three startling developments came today in connection with rebating practiced by the Pennsylvania railroad, which is now being investigated by the interstate commerce commission.

One was the declaration of Vice President John T. Green, who is acting president in the absence of Mr. Cassatt, denying the statement of Andrew Carnegie that he had never received rebates, and asserting in the most positive way that the Pennsylvania had paid to the Carnegie Steel Works a vast fortune in rebates.

There was an air of general gloom in the Pennsylvania offices and most of the officials were silent, but when Vice President Green was asked concerning the statement of Mr. Carnegie that he never received rebates, he said bluntly that the Carnegie Steel company received rebates on \$10,000,000 of annual traffic over the Pennsylvania lines.

Cassie and Andy.

Boston, Mass., May 23.—Andrew Carnegie will have to tell under oath whether or not the representations made by Mrs. Cassie Chadwick that she held his note for \$500,000 and that he had \$5,000,000 in trust for her, under an agreement, were true or false.

In a suit by Robert Lyons, receiver of the Citizens' National bank of Oberlin, O., against Herbert L. Newton, to recover on a promissory note for \$10,000, the defendant has moved in the United States circuit court here for leave to propound interrogations to Carnegie. Judge Colt allowed the defendant to send his interrogations to Carnegie.

PUBLIC WORKS

BOARD MEETS TODAY IN REGULAR SESSION.

Will Formulate Report to Council
Concerning Municipal Light
Plant.

The board of public works will meet this afternoon and formulate a report to be presented to the legislative boards relative to the city electric lighting plant.

The joint light committee with the board of public works met this week and decided on recommending that \$20,000 be appropriated for remodeling the plant. This report was referred to a committee which has had it drafted in proper form to be presented to the board tonight.

The council will meet tonight in adjourned session, and the board of aldermen tomorrow night. It is possible that immediate action will be taken in this matter, as it is an important one commanding immediate attention.

The board of works will have other routine matters to act on this afternoon.

Trenton, N. J., May 23.—Edward Payson Weston, 68 years old, long distance pedestrian, passed through Trenton this morning on his way from Philadelphia to New York in an effort to cover the distance in 24 hours. The thirty miles from Philadelphia to Trenton required Weston seven hours and forty minutes to make it. If he keeps up this gait he will duplicate his record of 43 years ago, when he walked from Philadelphia to New York in a day.

Bank Robbers.

Muskogee, I. T., May 23.—The First Bank of Hoffman, a new town 25 miles southwest of Muskogee, was robbed at 1 o'clock this morning. The amount of money secured is not known, but it was small. Five separate charges of nitro-glycerin were used before the safe was opened, showing the robbers to be amateurs.

"Self-control is the first rung on the ladder of success."

May the Paducah Humane society prosper in good works and merit popular approbation and support. It is one of the landmarks in the ethical development of a community. All our ideas of caste are expressed with the word gentle, which since its English adoption means more than the simple significance of high birth given it in the original French. The gentleman or gentlewoman of today must be truly noble in his manifestations of consideration for his fellow beings and all creatures around him. That a man who is kind to animals cannot be altogether bad, is an expression that comes intuitively to the lips, and this is one of the natural tests of human character. It holds true that every exercise of cruelty toward another living creature to that extent brutalizes the actor. In protecting dumb animals from the ferocity of their masters the society will be performing a merciful mission, but it will be doing a greater service for the master than for the brute. The result of the society's efforts will reach its highest perfection in the coming generation which will be trained in the practices of mercy and humanity.

While Americans take great pride and pleasure in being called "a strenuous people," it is perhaps not generally appreciated that a great many injure themselves physically—wreck nervous systems, invite premature wrinkles, gray hairs and infirmities by the hurry, worry way in which they live, neglecting in many instances proper care of the body and letting the real pleasures of life escape as a forfeit. Unrestrained strenuousness means neurasthenia ultimately.

Neurasthenia is nerve-exhaustion and that means inefficiency of the body to carry on vital functioning. Nerve centres lag; debility ensues; listlessness and fatigue reign. Pain may be felt in the back; fullness or pressure at the top of the head; sleep is broken and without refreshment; digestion notably is weak and loss of appetite, constipation and distress after eating are the rule. The head-ach of neurasthenia is like a band around the head; ordinarily is worse in the morning and better towards the end of day, and is probably the most common of all headaches which come for treatment.

Now, drugs do not help neurasthenia; that is admitted; and physicians have long been accustomed to send their neurasthenics away from the cities to the mountains, seashore, abroad or anywhere to find new scenes and enjoy tranquil restoration. But that is expensive and there is a surer, quicker and better as well as less costly way—Osteopathy.

Osteopathy cures neurasthenia, which is but another name for nervousness, by stimulation to the nerves and the circulation.

I can show you to your satisfaction in a very few minutes why osteopathy is the sane rational cure for ALL diseases of the nerves.

\$75 FOR THE PRETTIEST YARDS IN PADUCAH.

The Sun offers a prize of \$10 cash for the prettiest yard in each of the six wards of Paducah, the residents within a half mile of the city limits being deemed eligible for the contests.

Besides these prizes for the different wards, an extra prize of \$15 cash will be given for the prettiest yard in the city at large.

The Sun offers these prizes to stimulate an interest in handsome yards.

The contests will be decided July 15, by a committee to be selected at a later date.

The only condition of the contest is that entries must be subscribers of The Sun.

PERTINENT QUESTIONS.

The Editor of The Sun:

Having recently moved to Paducah and making my all with the intention of investing it my home for life, not owning or having relatives who own stock in the public corporations here and not being connected in any way with them I would like to make some suggestions to the general council in regard to the proposition of the city owning and operating a water works and electric light plants, that certain citizens are agitating at present.

The proposition is the most momentous, affecting the present and future generation, that the taxpayers have or will ever have to solve; it will involve the expenditure and issuing of hundreds of thousands of dollars of bonds investing all the resources that the city now has or will have for years to come. This being true, and I believe all thinking people will agree with me it must be conceded, regardless of our opinions on the proposition, that the question demands and calls for the most far-reaching and intelligent investigation that the city officials and taxpayers are capable of giving it. I believe that this question should be treated and considered as an individual business man would if he was contemplating investing his all in an undertaking of this magnitude. I can not believe that any business man one of the highest order of intelligence and experience, would hastily enter into an enterprise calling for the investment of his every dollar before a long and thorough investigation as to the amount of money he is to invest and the returns he is to receive from it.

The general council was elected by the citizens and it is their duty to govern our city in the interest and for the welfare of a majority of its citizens. When a very small percentage of the citizens of Paducah a few days since petitioned the general council to submit an ordinance to build a water works and an electric light plant, it was the duty of the council, although there were only 316 petitioners, to give the matter due consideration and intelligent investigation, so that if they decided to grant the petitioners' request they would be able, as the recognized representatives of the city, to present or lay before the other 93 percent of voters all such facts and figures as they are entitled to, and which would enable them to vote intelligently on so important a subject. The average citizen is a busy man and has not the time or opportunity to get the information he is entitled to on a subject of this magnitude. Believing that I voice the sentiments of a great majority of the taxpayers and thinking men of our city, I suggest to the general council that they carefully and accurately ascertain and lay before the people the following facts and information which each of them would obtain if they were investing their own money:

In order for you to give the taxpayers the most important part of the following information it will be absolutely necessary for you to employ a consulting engineer of the highest standing, as I am reliably informed there is no one connected with the city government who has ever built or been connected in any way with a water works or electric light plant.

What will be the cost of a modern up-to-date water works plant to cover the entire city and to meet the present requirements and the future growth of the city, and to meet the conditions as they exist here, taking into consideration its fire protection, purity of water for drinking, for steam and for washing purposes.

What will be the cost of a modern electric light plant to meet the present demands and future growth of the city?

What will be the receipts and expenses of such plants, and also the recognized depreciation of them each year?

After deciding on a system of water works confer with the officers of the National Board of Fire Insurance companies and ascertain from them if your insurance rates will be increased by constructing such a plant.

Write to cities of the size of Paducah all over the country and ascertain what they are paying for water for fire and domestic purposes and electric lights and in comparing them to those here, inform the citizens whether the conditions exist there as they do here, whether they have a filtration plant, whether their water plant is built to furnish pressure or do they have to use fire engines.

When you get statistics from public plants get the result of their operations for ten or twenty years, and not for just one year.

If you get statistics from cities ten or fifteen times the size of Paducah ascertain what rates were paid when they were the size of Paducah.

In other words, compare the conditions.

tions as they are or have been in other places as they exist here.

Inform the taxpayers that the constitution makes it compulsory on cities issuing bonds to create a sinking fund sufficient to pay them off in 30 years, and advise them how this money (\$15,000 or \$20,000) is to be raised each year in addition to large outlays each year for the enlargement and extensions of each plant.

Ascertain if it has ever been demonstrated that two water works plants and electric light plants could make operating expenses in a city the size of Paducah.

After obtaining all the information you can from other cities of the same size and conditions as Paducah, then write to the director of the census bureau at Washington and ask him if he did not state a few weeks ago in a public speech that it had been impossible for his department in collecting statistics to get any accurate information for comparative purposes from municipal owned utilities on a Chicago paper that Dubuque after in which their records were kept.

I have heard of two instances recently that should impress the thinking class for some time. I saw in a Chicago paper that Dubuque after owning its water plant for five years had employed a firm of expert accountants to go over its records and they reported that the system had cost the city \$60,000 more than it had earned not including the expenditures for extensions and enlargements, or the loss of several thousand dollars each year that a private company would have paid the city.

I saw in a Louisville paper a few days ago that Richmond, Ind., five years ago spent \$200,000 for an electric light plant and that it had but recently closed a deal for its sale for the reason it had lost the city a great deal of money.

Gentlemen of the general council haste makes waste, and I do not believe that any advocate of municipal ownership, if he is sincere and honest in his conviction, can but applaud you if you make a thorough, accurate and painstaking investigation of these momentous propositions, and then lay the facts in an intelligent manner before the taxpayers of Paducah and give them time to digest them. The few people who are urging you to take a hasty and an illadvised action on these important matters will be the first ones in a short time to condemn you for your poor judgment and business sagacity.

GRAY SUITS are now so generally accepted as being in the lead that it isn't necessary to tell you much about them except that in the Canteberry Clothes we have the richest fabrics and most exclusive patterns to be found anywhere. As for style they display most markedly the taste and ingenuity of the modern tailor. They come in single and double breasted styles, the very latest cuts. Broad shoulders, deep vens, etc. They are of chevots, cassimeres and worsteds, including the new twilight grays. There are also checks, plaids and stripe effects. They are unquestionably the best values in the city.

COUNTRY'S FOREIGN COMMERCE.

April Record Exceeds Report for Corresponding Months in Previous Years.

The foreign commerce of the United States in April, 1906, was larger than that of the corresponding month of any earlier year, consisting of 107 million dollars imports and 144 millions exports; total, 251 millions, or more than a quarter of a billion dollars in a single month. In only one previous April in the history of our export trade has the total of imports and exports reached as much as 200 millions. For the ten months ending with April the record is equally striking, being: Imports, 1,021 millions; exports, 1,488 millions, or a total of 2,509 millions. No similar period of any earlier year ever touched the one billion dollar line in imports or reached the 1,300 million line in exports. The total commerce of the United States for the ten months ending with April is thus over 2 1/2 billions of dollars, and should the monthly average for May and June be as great as that for the ten months for which the record is made the total of the fiscal year 1906 will exceed three billion dollars.

The fiscal year 1906 seems likely to make a new record in the foreign trade in several particulars. The total imports and total exports are in each case likely to be greater than those of any earlier year and several monthly records have been already broken. For example, imports never exceeded 100 million dollars a month prior to 1905, except in a single instance in which large quantities of merchandise were being rushed into the country to avoid pending tariff changes; but seven out of the ten

months ending with April of the present year have shown each an importation of more than 100 millions, and the month of March showed the highest import record ever made, \$113,597,277.

On the export side the high water mark of earlier years has also been passed, the total for the ten months ending with April being 200 millions in excess of the total for the corresponding total of any earlier year, and the total for the single month of December, \$199,738,520, being 25 million dollars greater than in any preceding month in the history of our export trade.

The increase in imports occurs in manufacturers' materials and finished manufactures, and the increase in exports occurs in agricultural products and manufactures. The increase in imports for the ten months ending with April amounts to about \$6 million dollars, and is about equally divided between manufacturers' materials and manufactures, the total figures for the nine months of which the Department of Commerce and Labor through its Bureau of Statistics has completed the analysis, indicating a gain of about 44 millions in manufacturers' materials, and 51 millions in the two classes, manufactures and luxuries, while there is a decrease of about 20 millions in foodstuffs. In exports there is for the ten months an increase of 215 millions, and the nine months' figures, now completed, show a gain of about 156 millions in agricultural products and about 50 millions in manufactures

A CITY IN COURSE OF TRANSITION IS WITNESSED AT NEW ORLEANS.

Members of the Latin-American convention at New Orleans recently viewed a city in the course of transition. Built where the demands of commerce were imperative and the engineering conditions almost prohibitive the city is becoming a metropolis, in hygienic conditions, inferior to none. Members were not compelled to go back far in their memories to recall the conditions of the city, part of it below the river level all of the time and all of it below river level part of the time, when people drank rain water collected from the roofs, and house drainage ran in open gutters along the streets. Foreseeing the development of trade between the Mississippi Valley basin and the countries to the south and beyond the ocean, the city planned and inaugurated a system of drainage, sewage and waterworks that will be brought to completion within a few years. While these public works are going on, private enterprise is no less active, and improvements of railroad terminals, including miles of wharves and a passenger station are in progress. The drainage system is so far extended and is so effective that ground water which used to rise within two feet of the surface, is now found at a depth of ten feet. Immense drains have been constructed, with pumping stations, delivering water from low to higher levels and finally into the river. The stations now installed have a capacity equal to a prism of water one-half mile long and ten feet square every minute; when all is finished the pumps will handle four times this volume. Of the sewage system, it is expected that 400 miles will be built in 1908. The largest sewer will be six feet in diameter and laid at a depth of twenty-three feet. The laterals of eight-inch tile will be from five to ten feet deep; at

the head of each will be an automatic flush tank, which will discharge 250 gallons twice a day. There will be 2,000 such tanks. The outlet of the sewers is below the city, where the sewage will be lost in the volume of the river. Within a year nine pumping stations will be in operation—all distinct from the drainage system, and all contributing to the removal of ground waters. The construction of the water works is not so well advanced, although large contracts are under way. It has been found from careful studies and experiments that the river water can be softened and clarified as to furnish a supply that will satisfy the most critical.

News comes of the proposed formation of a society by the engineers in all branches of the profession in Tidewater, Virginia. Such a movement is a worthy one and should be assisted in every possible way. It is by similar organization in all industries that the aims and objects of the individual members are fostered and work promptly accomplished, which by individual endeavor, it would require years to consummate, if indeed, it did not fail entirely. The meeting of enlightened men engaged in the same line of business affords an opportunity to exchange views, which, even on some important points, are widely diversified, and tends to enable those directly interested in the subject considered to reach a more equitable conclusion. The Washington Society of Engineers recently organized with Rear Admiral Rae, chief engineer of the United States navy, as president, has done much during its short life and bids fair to be even more successful. The Jamestown exposition should lend an impetus to the movement in Virginia, and should result in bringing into a union all the engineers throughout the Old Dominion.

BURGLAR

IS FRIGHTENED AWAY BEFORE POLICE ARRIVE.

Thieves Are Stealing Everything Exposed and Reports Come from All Over City.

Thieves are still operating in the city and the police force seems powerless to detect those guilty of the numerous thefts committed daily.

Mrs. G. Owsley, wife of the night watchman at the basket factory in Mechanicsburg, was awakened last night at her residence Ninth and Bachman streets, by some one trying to break into the house. She notified the police by telephone but before the policeman arrived the burglar was frightened away.

FOOL FRIENDS

REBUKED BY GEN. FRANKLIN BELL, CHIEF OF STAFF.

No Friction Between Himself and the Department On Account of Order.

Washington, D. C., May 23.—Gen. J. Franklin Bell, chief of staff, has called a halt on his friends for their activity in criticizing the president because of the latter's order designating Military Secretary Ainsworth to act as secretary of war in the absence of the secretary and assistant secretary.

Gen. Bell said today: "The continued repetition of unfounded suspicions of friction between Gen. Ainsworth and myself is harmful to the service. It would be far more logical to assume that both he and I are sufficiently sensible to take a reasonable and impartial view of the situation, and sufficiently desirous of promoting the best interests of the service to mutually arrive at just and disinterested solutions of questions affecting us both. This assumption would have another virtue, it would be in strict accordance with the truth."

Crecedo Recital.

The invitation recital of the Crecedo club, which is composed of the pupils of Miss Virginia Newell, took place last evening at the music store of J. W. Jones in the Empire Plaza on Broadway. The room was attractively arranged to represent a concert hall. Three pianos were on the platform and the decorations were pictures and busts of noted musicians, palms and roses. A representative crowd of the music-lovers of the city was present.

Miss Newell's ability as a teacher was evidenced by the skill and finish of her pupils' rendition of the piano numbers. The highest mark for the year's work was made by Miss Caroline Ham, and she received a pretty gold pin. Miss Edna Eades was a close second for this honor.

Those taking part, with their numbers, were:

A Louisville Belle Sixty Years Ago.
The Louisville Evening Post says of Mrs. Kearney, whose death was announced yesterday, and who at one time lived in Paducah and is prominently related here:

"The body of Mrs. Diana Kearney, widow of General Philip Kearney, and a belle of Louisville society in the '40s, will be buried at Cape May, instead of being brought to Louisville as at first reported. Mrs. Kearney died Sunday at the age of 87. She was born in Louisville and was the daughter of Thomas Bullitt, who, with Cutbert Bullitt, came to Louisville in the early days of the city. Col. Cutbert Bullitt, who recently celebrated his 96th birthday, is a cousin of Mrs. Kearney. As Diana Bullitt, she was one of Louisville's beauties and belles until the '40s, when she went to St. Louis on a visit, and there met and married Phil Kearney, afterward General Phil Kearney. They separated before the Civil war, and Mrs. Kearney has since made her home in Washington and Cape May."

GET FINE OF \$500 IN FEDERAL COURT

A. M. Laevison & Co., Guilty in One Case, Dismissed in Two.

Charged With Shipping Malt Liquor Into Central City, Violating U. S. Law.

JUDGE EVANS DECIDES CASE.

Herman Friedman and others, doing business under the firm name of A. M. Laevison & Company, were today fined \$500 for a violation of a government statutory offense in the sale of products, by Walter Evans, federal judge at Louisville, and in two other cases, wherein similar charges had been made, were dismissed.

The case involving the fine was brought about through the shipment of malt beverages to Central City. The suit charges that in June, 1905, the defendant shipped five cases of malt beverage to W. T. Humphrey at Central City and that the cases were marked "A. M. Laevison & Company Soda Waters."

The petition further states that the goods were seized and proved to be beer or malt beverages of an intoxicating nature.

The case instituted is in the form of a suit, this being the favorite form of bringing action to enforce payment of a penalty for statutory violations.

The other two cases against the firm which were dismissed, were dismissed without costs being assessed against the defendant.

The cases were tried before Judge Evans during the April term of court, and taken under advisement by the court. He is now winding up business of an urgent nature in order to clear his docket and sail for Europe next month.

Slender Suit.

A suit for \$10,000 damages was filed in circuit court yesterday afternoon late by E. B. Woodward against S. J. Billington, both of the county for alleged slander.

The suit alleges that Billington made a statement to this effect: "That fellow Woodward entered my house and stole \$11 from me."

The plaintiff is a resident of Paducah but at the time the statement is alleged to have been made was residing in the Maxon Mill section. He was engaged in the picture business, taking orders for pictures, and had a contract with Billington's wife. On November 8 he delivered her picture but found no one at home. In the afternoon he was seized by Billington, who made a search of Woodward's clothes and finding nothing released him. It is alleged in the petition that Billington later made the remark quoted above.

Billington is not the county school superintendent, but a cousin of the official.

Cigar Store Closed.

The cigar store of Frank Ferriman was yesterday afternoon closed for rent alleged due Wahl Bros., owners of the building. The building is occupied jointly by John Wilhelm in the newspaper business and V. J. Thomas in the piano business. Both will seek new quarters unless the debt is settled and the store re-opened.

Circuit Court.

Circuit Judge Reed had little business in circuit court this morning. In the case of F. A. Lucas against A. C. Shelton, by agreement E. W. Bagby was selected to try the case, sitting as a special judge.

In the case of John Curn against the Louisville and Evansville Packet company, a motion for a new trial was filed by the defendant.

FINE HORSES

IN TRAINING IN PADUCAH STABLES THIS SUMMER.

Fast Trackers That Will Go Some At Fair Meets in Tennessee and Kentucky.

Paducah will this summer be brought into prominence as the training home for several fine specimens of highly bred race horses. There are eleven head of racing stock here and twice weekly the horses are worked out.

The stock is owned by several Paducah people. The majority of the stock is the property of Blow, Sherrill and Harris, the latter acting as trainer, but G. M. Stonebreaker, F. W. Katterjohn and Dr. Nelson, the latter of Hardin, have horses stabled at the fair grounds where the stock is being worked out.

Most of the horses are harness stock but there is one jumper in the lot, the property of Wes Flowers. Tuesdays and Fridays are "working out days" and many turfmen and others interested in this class of sport go out to see the horses trot.

The firm of Blow, Sherrill and Harris intends to enter several horses in fair meets in Tennessee and Central Kentucky, and the horses are being fast brought around into shape.

Indiana Strawberries Threatened by Drought.

Albany, Ind., May 23.—Unless Southern Indiana is visited by a good stiff rain during the next forty-eight hours, it is stated that practically the entire strawberry crop will be destroyed. This means that hundreds will be thrown out of employment, thousands of dollars lost, while St. Louis and Chicago will experience a shortage of strawberries that will be hard to overcome, as these two markets gain their supply from this section.

Under ordinary conditions the fruit would be going north in train loads but thus far only a few car loads have been sent out. Great preparations have been made to move the crop, but the drought has caused all the laborers to remain idle.

STAR BOARDER

CHAMBER BEING FIXED UP IN CITY PRISON.

Jailer Evetts Is Preparing the Room At His Own Expense—For Friends and Others.

City Jailer Tom Evetts is fitting out a "star boarder chamber" in the city jail and it will cost a neat little sum when finished. The cost of the improvement is to come out of the city jailer's pocketbook, but he intends to have it fixed right and will spare no expense.

Jailer Evetts has been given the partition furniture taken from Chief Collins' office. He intends to use this in fitting out the room.

"I intend to put in a false floor on the concrete in the front lockup room under Mayor Yelzer's office," he said. I will have it covered with carpet and will paper the walls and paint the woodwork. The city hall committee has agreed to furnish me with enough paint to do this work, but the other expense will be borne by myself.

"When finished, I will have a private office, or rather a star boarder chamber. I expect to fit it out with bed and have over a dozen good pictures to hang. The room will be made as attractive as possible and it is cool in this particular room, too. I will place it at the disposal of my friends when they come to town and want to visit me. When there is a prisoner of prominence to deal with, we can assign him to my star chamber and he will be surrounded with all the comforts of home, and will be little inconvenienced by a short imprisonment in jail."

A Year of Blood.

The year 1903 will long be remembered in the home of P. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for sore lungs, coughs and colds, at McPherson's Drug Store. Price 50c and \$1.00. Trial bottle free.

Hailstones as Large as Baseballs in Nebraska.

Franklin, Neb., May 23.—This section was this afternoon visited by the most severe rain and hail storm ever known here. It hailed for forty-five minutes hailstones as large as baseballs crashing through roofs, killing stock, smashing windows and destroying growing crops. This was followed by a rainstorm lasting more than an hour, during which nearly 5 inches of water fell. Railroad tracks were washed out in many places. The telephone and telegraph systems were prostrated so that details of the damage done cannot be obtained at this time.

Made Happy for Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by McPherson's drug store. Price 50c.

Hurt in Collision.

Mrs. Edward Hall, wife of a barber on Boyd street, was injured in a collision on South Third street near Norton street last evening between 8 and 9 o'clock. Mr. Ed Joiner was driving a horse and collided with another vehicle. Both Joiner and Mrs. Hall were thrown out and in alighting Mrs. Hall sustained severe cuts and bruises about the head and arms, but fortunately no bones were broken.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickle, of Milets, W. Va. "Persistent use of the Salve completely cured it." Cures cuts, burns and injuries. 25c at McPherson's drug store.

INSURANCE RATE IS NOT CHANGED

No Definite Time For Re-rating In Paducah.

City Must Await Its Turn, Although, All Requirements Have Been Met.

INSPECTOR GILSDORF IS BUSY

The matter of a re-rating of fire insurance in Paducah is still uncertain for this year, according to the opinion of William Gilsdorf, inspector for the State Board of Underwriters. Mr. Gilsdorf stated this morning that Paducah would have to wait her turn, and that her turn may not come for some time yet.

The insurance boards threatened to raise rates unless the fire department be improved and enlarged. This was done and a raise averted. The wiring has been overhauled and an inspector is created. This with the additional fire fighting facilities will help a great deal towards effecting a decrease, but when it will come is the question not decided.

"When the fire rating book is so badly marked up that it means a new one, then the re-rating will begin," Inspector Gilsdorf stated today. "I can not say when this will be, but understand that the book is pretty badly marked now. The fire map made recently really has nothing to do with the matter of rating the city, but of course, will be used in the work. The map was made for the companies doing business in Paducah to see clearly the location, the risks, and all information relative to the class of buildings."

"My work in Paducah from indications will be brief. I have just rated a manufacturing plant in Kuttawa and have other small towns to work. Paducah's wiring seems to be good and is being improved. I have made a hasty inspection of the work already done and will make a more minute examination before I go. But as to when the re-rating in Paducah will begin I do not know."

BIG TOURNAMENT BY LOCAL SHOTS

Talk of Two Clubs Uniting For The Occasion.

Trying to Eliminate Conflicts in Dates Set by Other Cities for Meets.

PLANS ARE GOING FORWARD

There is a move on foot among the sporting men of the city to hold one of the biggest shotgun, rifle and pistol combination shoots ever held in the state. The matter is still in embryo but arrangements will begin at once, as soon as the Paducah Gun club can definitely arrange a date for holding its shoot.

The Paducah Gun club wants to hold its annual spring shoot on the 15, 16, 17 and 18th of June, but there will be shoots in Winchester, Ky., and Nashville, Tenn. during June and it is not desired that the dates come too close together. An attempt is being made to effect an arrangement by which the dates will not conflict.

The Paducah Rifle and Target club intends to hold a big shoot this spring. The Paducah Gun club will also draw well, and the idea of consolidating the shoots has been suggested. It will draw a bigger crowd and will give both the shotgun marksmen and the pistol and rifle marksmen better chances. It will mean a bigger and longer shoot, and the idea seems to have received favor in both clubs.

The matter of consolidating the clubs has not been conceived and will not be, and the combination shoot is simply suggested as a means to make the event more important. It will prove more economical and promote the chances of success in both clubs.

The rifle club has not definitely decided on its tournament and members of both organizations will get together this week to further talk the matter over.

Dr. Newell Returns.

The Rev. T. J. Newell returns home last night and will hold the regular prayer service at the Broadway Methodist church tonight. Dr. Newell has been in attendance on the general conference session at Birmingham, Ala., and Sunday preached the commencement sermon of the Dyersburg district school at Mumfords, Tenn. He came direct from McKenzie, Tenn. where he has been since Sunday visiting his son Thomas, who is at McTy elre institution there.

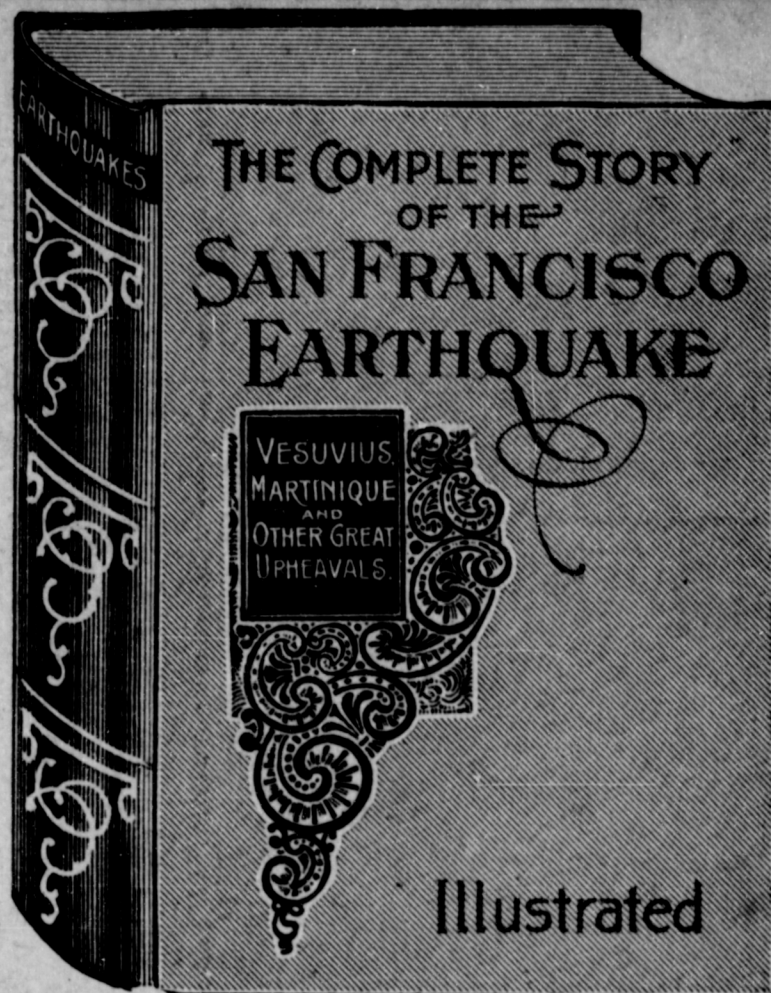

The Moore Suit.

The suit of Detective T. J. Moore against the city of Paducah was tried before R. T. Lightfoot, county judge, yesterday afternoon, but he is holding the case open for further evidence. Detective Moore sues for wages he claims due. He was laid off the force when a new ordinance cutting the police force was adopted. He claims he was appointed for one year by the fire and police commissioners, and his salary is due whether he works or not.

SAW PICTURE

AND SOME NIGHT THIEVES ROBBED HIS HEN HOUSE.

Remarkable Experience of Conductor Hogwood, Who Laughed at Luddicrous Scene.

L. Hogwood, of South Fourth street, the well known N. C. & St. L. railroad conductor, relates a remarkable coincidence. He has just returned from Memphis where he and his family visited a few days, and while his experience was amusing, was costly. "I took my family into one of those moving picture shows," he explained at the depot this morning, "and one of the most interesting scenes exhibited by the machine was a chicken theft. The picture was clear and showed the operation of robbing a chicken house from start to finish. It impressed me very strongly, because I had a lot of fowls at home, some of very fine breed."

"I thought no more of it, show until I arrived home and imagine my feelings to find all my prize chickens gone. My hen house had been entered on the night I saw the show and robbed of eleven of my finest fowls."

Mr. Hogwood, however, is not the only Paducah resident suffering the loss of chickens. A chicken thief has been operating in Paducah for several weeks, and coops all over the city have been robbed.

Itching piles is constant torment—so is eczema.

No comfort all day, no rest at night.

Can't keep your mind on work.

No use to go to bed.

Suffer no longer; use Doan's Ointment. It gives relief in five or ten minutes. It cures in a short time—cures you to stay cured. Paducah people endorse it.

J. R. Womble, of 1005 South Fourth street, carpenter by trade, says: "For six years itching hemorrhoids were the bane of my existence. During the day when overworked I suffered and at night my rest was disturbed. I tried everything about which I read or which friends and acquaintances advised me to try, still the hemorrhoids existed. The first application of Doan's Ointment procured me relief. After the second day's treatment I slept the succeeding night like a child. It is nearly three months since I stopped the use of Doan's Ointment and there has been no sign of a return. This should leave no doubt in the minds of Paducah people about the merits of that preparation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SUMMER THIS SUMMER IN COLORADO

Many people put aside all thought of an outing in Colorado because they are accustomed to consider this greatest of American play grounds as one of those impossible things beyond their means. Time was when a visit to the "top of the continent" was a great luxury, as high in price as in altitude, but not so today.

You can spend the summer or a part of the summer in Colorado and live as reasonably as you do at home, and the quick service and low tourist and excursion rates afforded via Rock Island lines bring the Rockies within your easy reach.
